RCRA (ADVANCED COURSE)

ONE DAY HAZARDOUS WASTES MANAGEMENT (SUBTITLE C) HAZARDOUS WASTES MANAGEMENT REGULATIONS EPA 40 CFR PARTS 260-280 - PREQB RULE #5807

Hazardous wastes management becomes an important function in modern industrial activities. Owners and facility operators must comply with applicable RCRA Subtitle C provisions in order to be in compliance with federal and state laws and regulations which govern hazardous wastes handling, storage and disposal.

TARGET AUDIENCE

Top and middle management, supervisors, decision making staff and qualified operators which are daily involved in RCRA issues, troubleshooting aspects and major concerns related to HW's operations.

TOPICS

This "CRADLE TO GRAVE" cycle and one day training will include:

- Regulatory Background-Federal and State Relationship (EPA-PREQB)
- RCRA Hazardous Wastes New Definition under 40 CFR Part 261
- RCRA Policy, Internal SOP's and Applicable Procedures
- Generator Determination and Reclassification: CESQG, SQG and LQG
- Generator, Transporter and TSDF Definition — Responsibility-Comparison
- Listed vs. Characteristic Wastes — Real Samples Discussion-Delisting Process
- HW-NHW Classification Criteria and Waste Profile Sheets Troubleshooting
- Satellite and Central Storage Area Criteria for Facility Compliance
- HW's-NHW's Mixtures-Wastes Types, Codes and Hazard Class Precedence
- Solvent 10% Rule and Applicability in Waste Mixtures and Classification
- Lab-pack Quantities of HW and NHW-Storing Issues and Compatibility
- UN Containers Selection, Marking and Labeling for Pre-Transportation
- Compliance — Bulk and Non Bulk Comparison in HW Shipments
- HW's 180 (270) and 90 (120) Days Storage Area Requirements-Design
- HW's Segregation, Aisle Space, Separation Criteria and Compatibility
- Common Storage Practices and RCRA M/T Definition-Defacing Process
- Landfill Ban form Completion Practice
- RCRA Contingency Plan and Emergency Preparation
- Spill Reporting and Recordkeeping Procedures
- Administrative, Civil and Criminal Penalties under RCRA
- Hazardous Wastes Manifest Preparation Tabletop and Group Discussion
